

Tea with the Girls

You will need:

- Scraps of fabric
- 5m of 0.5 inch ribbon
- Pair of sharp scissors

1. Gather your scraps of fabric and iron. Lay your bunting pattern on your fabric scraps and cut your bunting out.
2. Lay your fabric triangles onto the ribbon and line the top of the triangle up with the centre of the ribbon.
3. Evenly space your triangles out along the length of the ribbon and pin them in place.
4. Now fold the ribbon over and carefully stitch through the centre of the ribbon.
5. Voila! Enjoy your new bunting.

1. Print as many of these pages out as you need.

2. Cut round the dotted lines carefully. Pinking shears will give a lovely zigzag effect.

3. Fold the tops over a piece of ribbon or string and secure with glue or staples.

4. Voila! Super quick floral bunting!
